

# Flower of Love

You are as a flower  
unfolding & enfolding  
the wonder of who you are,  
blossoming infinitely in beauty & love,  
sharing yourself  
& your gifts with all life,  
through all dimensions.

I open in you  
as you lift your veils  
to the miracle that you are.

I am love.  
You are love.  
Together we open in love,  
from love,  
reconnecting with the Source of all love,  
BEING 'in' LOVE.  
We blossom together  
in the crystalline 'center of the center'  
of your heart system.

Contained within my heart's  
crystalline center blue field of Grace  
is the TRILOGY,  
radiating eternally  
with it's message of love ...

Infinite Love in THE ONE & ONLY Heart There Is.

I hear your calling
