

## Celebration Of Love 2015

Joan Marie Barringer

Friday February 13<sup>th</sup> 1:30 ~ 4:30pm

## Opening to the Gifts of the Heart

... Transform your reality through conscious co-creation

A tunnel of light during a near death experience led Rev. Joan Marie Barringer to pursue alternative spiritual paths. After a year in a Convent she read Shirley MacLaine's book *Out on a Limb* given to her by her Grandfather, Brazil's Foreign Minister. She began attending Unity Church, studying various spiritual principles, eventually teaching and lecturing worldwide on Manifesting, Prosperity and Holistic Health. During this very interesting workshop we will explore practical techniques for experiencing inner joy by examining essential keys to open the heart to manifest your deepest desires and dreams. Loving 'hands-on' experiences and inspiring stories will assist in opening intuition, discovering personal messages and synchronicities. Raising our vibration using energy modalities will propel changes in overall health, relationships, finding divine purpose and abundance. Her illustrated book *Magic for Manifesting* has assisted workshop attendees and clients to define and co-create their dreams. The book will be available for purchase.
